

CSM3PL C08-124

3,5" Multi Media Player

This media player is your personal storage box carrying all your favourite music files, photos and movies. Thanks to the big storage capacity and easy set up, you can connect it directly to your TV and select anything you would like to watch or hear. The Multi Media Player offers also a built in card reader and USB 2.0 host port to watch directly the photos or videos from the flash card or to connect an additional hard disk or USB drive. After copying the data from your PC just simply connect the CSM3PL to any TV in your home, hotel or at your neighbours and you can enjoy your own entertainment. The player works standalone (without computer).

Highlights

- Incl. card reader USB host port and optical audio
