

7 Ports Powered USB Hub

This 7 ports USB 2.0 hub makes it possible to provide your PC, notebook or netbook with 7 extra USB 2.0 ports. You will find it very comfortable to have 7 USB 2.0 ports available using only one free USB port on your computer! The power supply per port is individually predetermined by the amount of power that the connected device needs.

Highlights

- > 7 USB ports for all your USB peripherals
- > Power adapter included
- > Easy to carry due to small and unique design
- > Plug & Play, no driver needed!
