WirelessMediaTitan withdualDigitalTuner

*Play all popular formats of high definition digital media (movies, photos, music) up to 1080p resolution**

The Media Titan combines a full featured (Wireless 300Mbps 11n) network HD media player with a personal video recorder. You can record all your favourite TV shows and movies thanks to the built-in dual DVB-T tuner. The Electronic Program Guide (EPG) makes it very easy to select what you want to watch and/or record. The Media Titan is a high definition network media player which supports playback of all your digital movies, photos and music from the internal hard drive or over your network up to 1080p resolution*. You can stream directly from your computer or from compatible UPnP AV storage devices like the Grab'n'GO NAS products. The intuitive interface and remote control with scroll wheel allow you to easily access all your digital content.

Specifications
