Description

The equip HDMI Bi-directional Switcher/Splitter is very versatile as it can be used as either a 2 port switch or a 2 port splitter/selector. This means you have the option of using this with one host device (ie: Bluray Player, PS3, etc.) and have the signal sent to two displays (TV, Monitor, Projector, etc.), and then simply use the selector button to switch the signal back and forth between the displays.

Additional Information
